

Corporate Team Building with a Community Impact **Make a Difference, Together**

Looking for a meaningful team-building activity that also supports local students?

Partner with the Student Support Network to **assemble nourishing snack bags** for students to take home—helping fill the gaps from school-based meals.

Why It Matters:

For many students, meals provided at school are their main source of nourishment. These snack bags help ensure they have something healthy to eat at home.

Cost:

 **100 snack bags for \$500**
