GREETINGS!

Dear Friends,

Step right up! Back by popular demand, A Night at the Carnival with updated twists to the festivities, and to celebrate 11 incredible years! For over a decade, the Student Support Network has been a place of belonging, ensuring Baltimore County students in need have the resources to thrive.

In honor of this milestone, we've reimagined the evening to be even more lively, festive, and fun—while still keeping the heart of our mission front and center. Just like a carnival brings a community together with lights, laughter, and connection, this special night will unite friends, supporters, and champions to reflect on our journey and rally for the future.

The funds raised through this event will provide food, clothing, and essential supplies to BCPS students, helping them feel supported, valued, and ready to succeed.

From the big-picture view- 85% of students in Network partner schools qualify for FARMS, a poverty indicator—to the close-up stories of students reaching for a brighter future, your support is the magic that makes it all possible.

So grab your carnival spirit, gather your crew, and join us for a night of celebration, community, and impact! Whether you become a sponsor or attend the event (or both!), you'll be helping ensure that every student knows they belong.

With heartfelt gratitude,

Wendy Stringfellow

- Inclusion on Student Support Network's event webpage
- Recognition at A Night for the Network

COTTON CANDY: \$250

Benefits:

- Inclusion on Student Support Network's event webpage
- Recognition at A Night for the Network

ABOUT THE NETWORK

Your sponsorship makes a difference. Thank you!

The generous gift of \$15,000 is roughly the equivalent of providing a full year of critical support, including food, clothing, and school supplies, for students at a small to mid-size school.

On average, \$10,000 supports the needs of students at a small school - food, clothing, school supplies, and more - for a full year!

Approximately \$5,000 supplies weekend bags and meals to support students and families facing food insecurity at one school—covering every holiday break for an entire year.

\$2,500 can provide 100 new coats to keep students warm during the cold winter months.

\$1,000 can enable a school to provide 45 fresh produce boxes before winter break, ensuring that students have access to fresh, healthy foods when schools are closed.

\$500 could supply deodorant or shampoo for 250 students

\$250 could buy a toothbrush or toothpaste for 125 students.
