Dear Greg:

On behalf of our Board of Directors, I am writing to thank you and the members of the Mount Moriah Lodge Charitable Foundation for your extraordinarily generous donations this year to the Student Support Network.

These funds allowed the Network to rent much-needed storage space, provide full funding of the Thanksgiving Programs at Loch Raven High School, Pine Grove Middle School and Parkville High School, and supplement the Adopt a Family programs at our Network schools for the December holidays. This support was especially critical at Parkville, where over 900 students now live in severe poverty.

Over the past two years, the support of the Mt. Moriah Charitable Foundation has benefitted hundreds of students and their families at our schools with food, clothing, school supplies, personal care items, assistance with academic field trips and employment, and the fulfillment of many other requests from school staff.

We are extremely grateful for your contributions, and look forward to working with you in the future to help our students in great need.

Best wishes,

Laurie Taylor-Mitchell
President, Student Support Network
